

Wave Relationships

<p>Crests and Troughs</p>	<p>Energy and amplitude have a direct relationship.</p> <p>When energy increases, amplitude increases</p>
<p>Amplitude</p>	<p>When energy decreases, amplitude decreases</p>
<p>Wavelength</p>	<p>Frequency and wavelength have an inverse relationship</p> <p>When frequency increases, wavelength decreases</p>
<p>Frequency</p>	<p>When frequency decreases, wavelength increases</p>
